and René Schillheim*

Innovations.

FROM GENERATION TO GENERATION

The long-established Eslohe-based company is the specialist in exclusive, high-quality kitchen gadgets. In the first decades of the company, which was founded in 1943, GEFU focussed on the manufacture of handcrafted metal products. Rudolf Schillheim began his apprenticeship at GEFU in 1977, later became sales manager, managing director and took over the company in 2009. Actively supported by his wife Marlene and later also by his sons René and Daniel, he made GEFU a pioneer in the development of innovative kitchen tools for professionals and amateur chefs. Today, the company employs 120 people.

GEFU branded products are characterised by elegant design, high functionality, top quality and a special attention to detail. Based on these strengths, GEFU has developed into an international company that exports its kitchen tools into over 80 countries and makes it much easier for people all over the world to discover the art of cooking.

*Sauerland.
Our home.*

80

80 YEARS OF TRADITION

Founded in 1943, the traditional Eslohe-based company GEFU is the specialist for exclusive, high-quality kitchen tools. The innovative GEFU brand products are recognisable by their outstanding functionality, first-class quality and timeless design.

120

120 MOTIVATED EMPLOYEES

GEFU is on course for growth and creates jobs for creative minds who are interested in change and enjoy new challenges. The company offers equal opportunities, all opportunities for personal development and a high level of job security.

2.700

2.700 STORAGE LOCATIONS

With 2.700 pallet spaces, the new GEFU central warehouse in Eslohe ensures even more reliable, efficient logistics. State-of-the-art technology, perfectly coordinated processes and a strong team guarantee fast and on-time delivery to our German and international customers.

2.000

2.000 TRADING PARTNERS

GEFU kitchen tools go from the Sauerland to the whole world. Currently, our branded products are already available at over 2.000 retailers in Germany and in 80 countries internationally. New countries and markets will follow.

Content

STRONG BRAND – EVERYTHING FROM A SINGLE SOURCE

We have continuously developed into a full-range supplier and today we are one of the leading successful brands in the German kitchen sector: specialist retailers simply have everything they need to be successful from a single source.

And so that you don't have to search for a long time, our more than **700** first-class kitchen tools in **12** fascinating worlds of enjoyment and themed for discerning professionals and creative amateur chefs.

STRATEGIC Growth

Our attractive assortment currently comprises more than 700 articles, which is 150 GEFU-Products more than in 2019. We will continue to grow and strategically expand and optimize both our depth of offering and its breadth. So that our specialist dealers can always rely on Germany's innovative, strong brand for high-quality kitchen tools in the future.

MARKETING- *power*

In order to support the specialist trade, GEFU invests more in brand and marketing power than other providers. Our strong brand communication builds trust, positively influences purchasing decisions and promotes long-term customer loyalty. At the same time, we increase the visibility of our trading partners through consistent 360° marketing and at the same time arouse customer interest.

The power package is rounded off by our popular dealer training courses and product demonstrations at the POS.

GEFU® *digital*

Of course, GEFU's professional 360 marketing also includes the use of social networks. We use all relevant digital platforms and cooperate with successful bloggers and influencers to provide professional support to our partners and customers and to continuously improve our products and services on a dialogue basis.

Digital toolbox

With GEFU's Digital toolbox, we actively support our retail partners in making their social media channels more attractive and thus even better able to talk to their customers and interested parties. As a specialist retailer, you can use the innovative toolbox to connect to our seasonal POS activities with pinpoint accuracy and ease, use them for your own purposes and benefit directly from them. Simply log in, download and join in.

GEFU's Digital toolbox contains, among other things, emotional images and videos matching our seasonal construction kits, joint competitions including texts and instructions, the image material for articles and stories, delicious recipe ideas, creative suggestions, our editorial plans and much, much more. Log in and find out!

GEFU TOOLBOX

CREATIVE MINDS

award winning design

That certain something

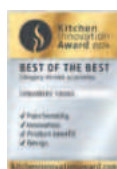

At GEFU, elegant, functional design and attention to detail are paramount. The creation of a new product often begins with a spontaneous idea and the first fleeting hand sketches. This gives rise to new trains of thought and ever new drawings. When the ideas from Eslohe are ready to be implemented, the next step is to pass them on to the company's creative partners, the renowned Berlin design studio invivo design.

invivo
industrial design

We then work together passionately and with great attention to detail to give each product its unique character, that certain something that gives our customers the certainty that they have made exactly the right choice when buying a GEFU kitchen tool.

GUARANTEED *Quality*

Reliable and safe

GEFU makes no compromises when it comes to quality. This is why we don't just check the inner workings of our products but, as part of our external quality assurance, have them checked by TÜV Rheinland for safety, performance characteristics, fitness for purpose and hygiene. TÜV issues the „LGA tested“ and „LGA tested quality“ seals exclusively to products which meet the highest standards and which fully meet their intended purpose.

The use of high-quality materials, perfect workmanship and the subsequent consistent quality control leads to the particularly high resilience and durability of our kitchen tools. We're proud to offer a 5-year guarantee on all our standard products and 20-year guarantee on GEFU exclusive items. Every GEFU customer can be assured that they are buying a product that will reliably see them through many years of their journey of culinary discovery. Guaranteed.

GEFU®

PERFECT PRESENTATION *in stores*

Our modular furniture concept for the clear presentation of goods in specialist retailers impresses with its elegant, high-quality presenters for every area from pop-up to brand stores. It harmonises perfectly with the GEFU brand world and increases the attractiveness of every shop with its modern design. GEFU furniture creates a pleasant shopping atmosphere and ensures a relaxed shopping experience for customers. This ensures satisfied customers and noticeably better sales.

RESPONSIBILITY

REGIONAL PARTNERS

**ENERGY
SELF-SUFFICIENCY**

Great e-mobility

Sustainability concerns us all.

That's why we at GEFU try to take on social responsibility: economically, ecologically and socially. This starts with the fact that all our products work completely without electricity, consume no energy except muscle power and conserve valuable resources. In addition, their high-quality materials and careful workmanship make them particularly durable and long-lasting. Should something actu-

ally break, we have a large selection of spare parts available that significantly extend the life cycle of a product.

In addition, we have initiated a wide range of measures in Eslohe to gradually reduce the consumption of plastic and paper. These include the introduction of the paperless office, digitized invoices and the avoidance of packaging waste. A photo-

voltaic system has been installed on the roof of our new logistics centre, which will supply us with climate-friendly electricity in the future.

Think globally, act regionally.

As a long-established company that is tied to its roots, for us, regional and social engagement is always an important cornerstone of our company philosophy. We make a point of working with reliable local partners such as printers, photographers and trade fair constructors, we support many social projects near our location and are also engaged in CARITAS workshops [providing employment for those unable to find work] and the KinderHerz charitable foundation.

Perhaps all these are just small steps when it comes to sustainability, but they add up, setting us in the right direction. After all, if the world is changing, then we also need to change. For our environment, our company and for our children.

region

PERFECTLY *cut*

The GEFU design team has developed a wide range of beautiful kitchen tools for cutting and dividing that set new standards in terms of creativity, time-saving and safety. Our new, elegant ENNO knife series is a typical example of this, made from high-quality blade steel in Solingen. ENNO knives sit comfortably in the hand, are particularly sharp and are guaranteed to last - just like all knives and kitchen utensils from GEFU. You will never want to cut any other way again.

Hand-ground blade on both sides for uncompromisingly sharp cuts

GERMAN BLADE STEEL

Each ENNO knife is unique with beautifully grained handles made of fine southern European walnut wood with tang throughout and a modern two-rivet design. The ergonomic design of the handles ensures exceptional comfort and feels easy and pleasant to hold. At the same time, every ENNO knife is optimally balanced for easy, safe guiding of the blade while cutting.

GARANTIE

Cut and chop like a pro. ENNO is made of rich, robust walnut wood, which gives each chopping block a very individual and high-quality look. Due to its high-quality processing of selected end-grain wood, it is particularly resilient and provides a solid and stable base for chopping and slicing all kinds of food without damaging the high-quality blades in the process.

- particularly solid material thickness of fine European walnut wood of 4 cm
- extreme load-bearing capacity due to end-grain wood: wood fibres are perpendicular to the load and therefore stronger
- continuous groove to catch juices
- lateral recessed grips on the underside also suitable for pushing plates underneath
- cutting surface that is gentle on blades
- antibacterial effect
- anti-slip feet

 AT THE SAME TIME.

13560 Apple peeler 3 in 1 DELICIO

The apple peeler gets things moving in every kitchen. As many apples as you like can be peeled, pitted and cut into spirals in no time at all. Its suction base holds on to any smooth surface. Just attach the apple, turn the crank to the stop, and the pitted and peeled apple spirals are ready to be eaten.

- 3 in 1 for peeling, cutting, coring
- strong hold due to suction cup
- apples or potatoes can be peeled and cut at the same time
- easy handling
- L 25 cm, W 10.5 cm, H 12.3 cm
- aluminium / high-grade stainless steel

12380 Radish curler RETTIMO

This practical tool makes it easy to cut radishes into decorative curls. It is equally suited to cut cucumbers, carrots, potatoes and many other solid foodstuffs. Safe and quick cutting due to holder and finger protector.

- L 17.7 cm, W 11 cm, H 3.5 cm
- high-grade stainless steel / die-cast zinc

12371 Tomato and mozzarella cutter CAPRESE

There's no faster way to make a tasty caprese, thanks to the cleverly arranged special blades which cut into the tomato or mozzarella one after the other, effortlessly producing slices of equal size. The perfect tool to have on hand when the time is right for a fresh Italian salad.

- special toothed blades
- for up to 9 evenly cut 8 mm slices
- anti-slip ridges
- ergonomic handles
- L 20.4 cm, W 11.8 cm, H 7.5 cm
- high-grade stainless steel / plastic

12370 Mozzarella slicer TOSCANA

Cutting mozzarella, boiled potatoes or hard-boiled eggs easily and evenly is no problem for the TOSCANA mozzarella slicer. Its stainless steel wires glide easily through the material to be cut. The plastic base is shaped so you can cut all the way through.

- L 13.8 cm, W 17.4 cm, H 2.9 cm
- high-grade stainless steel / plastic

12350 Egg slicer DUO

Dual purpose, modern egg slicer. Gives equal egg slices or wedges. Hygienic and easy to clean.

- L 11 cm, W 13 cm, H 3.5 cm
- high-grade stainless steel / plastic

12353 Egg slicer EGGI

EGGI cuts hard-boiled eggs in a flash and into perfectly even slices. Perfect for decorating, sandwiches and delicious salads.

- for evenly cut 4 mm slices
- clean cutting instead of crushing thanks to extra-fast, high-quality cutting wires
- round or oval slices depending on the positioning of the egg
- compact size: saves space and fits in any drawer
- versatile: EGGI also cuts small mushrooms, jacket potatoes or strawberries
- L 13.5 cm, W 8 cm, H 3 cm
- aluminium / refined surface / high-grade stainless steel

NEW

13572 Apple cutter PARTI stainless steel

The apple cutter chops apples and pears into 8 appetising portions, while also removing the core, all in one step. The ergonomic grips and the sharp, sturdy blades ensure this is performed effortlessly and comfortably.

- divided into 8 segments
- removes the core
- sharp, stable blades
- ergonomic grips
- L 18 cm, W 11.5 cm, H 4 cm
- high-grade stainless steel

13570 Apple cutter PARTI

This apple divider cuts apples and pears into 16 appetizing wedges and removes the core in the same step

- 16 apple wedges
- removes the core
- sharp, stable blades
- soft ergonomic handles
- Ø 10.5 cm, W 17.8 cm, H 6 cm
- high-grade stainless steel / plastic

13590 Tomato-/ Apple cutter POMO

POMO – with automatic cutting guide. This is the only slicer which can cut tomatoes into 12 juicy and sizeable chunks.

- 12 even pieces in one step
- serrated Japanese blade steel
- the juice is collected in the cutting base
- L 18 cm, W 11.4 cm, H 4.6 cm
- high-grade stainless steel / plastic

13580 Mango cutter PARTI

Splitting mangos is easy now. This delicious sweet and juicy fruit can now be cored easily with the mango splitter. With a light pressing motion the core is removed and the mango is cut into two halves. The mango splitter makes a clean cut through the fruit and leaves hardly any fruit flesh clinging to the seed. The soft grips are gentle on the hands.

- L 19.6 cm, W 13.2 cm, H 5.2 cm
- high-grade stainless steel / plastic

13750 Vegetable and french-fries cutter CUTTO

Teapot T-PREP

It's T Time! The T-PREP teapot is the perfect combination of elegance and functionality. The innovative brew-stop function makes preparing tea a pleasure. At the end of the desired brewing time, simply press the tea leaves down into the closed part of the filter with the press plunger, thus stopping the brewing process at the desired strength.

- microfine tea filter with innovative brew-stop function
- pressing down the pressing plunger stops the brewing process
- practical lid: protects against loss of temperature and aroma
- glass teapot: clear view of the individually preferred strength of your favourite tea
- borosilicate glass: heat-resistant up to 100 °C
- borosilicate glass / plastic / high-grade stainless steel / silicone

NEW

12905 Teapot warmer T-PREP

**GEFU – Entdecke Deine
Kochkunst.**

FRESHLY *seasoned*

Anyone looking for innovative products for skilful seasoning is guaranteed to find what they are looking for at GEFU. How about our award-winning X-PLOSION® design series, for example? It completely redefines the standards for seasoning with innovative grinders, sharp chilli slicers, stylish shakers and other ideas. Not only do the kitchen tools in the X-PLOSION® range impress with their attractive appearance and outstanding functionality, they are also particularly comfortable to hold. X-PLOSION® - pure aromatic power for today's modern, creative kitchen.

CYCLONE®. STATE-OF-THE-ART PRECISION GRINDING

GEFU's innovative development crushes salt crystals and peppercorns particularly quickly, easily and effectively. No wonder: the extra-large CYCLONE® grinding mechanism made of high-performance ceramic is equipped with significantly more teeth than standard grinders, making it six times more efficient. With more large, ultra-sharp teeth that effortlessly break down even chunky crystals, seeds and grains. The larger number of fine teeth grind products uniquely uniformly at any grind setting in no time at all. CYCLONE® – modern professional grinding.

Aroma "safe"

Airtight lid

14/16-step
grind adjustment,
from extra-coarse to
extra-fine

Symmetrical double conical burr grinder: the contents are broken up in the upper area before being ground very finely in the lower area. Ensures that the results are especially uniform and makes the output extremely efficient.

Salt or Pepper mill X-PLOSION®

It's in your hands: the innovative X-PLOSION® mill combines a modern design, superior technology and a creative culinary technique. Equipped with the impressive CYCLONE® precision grinder, it grinds salt crystals and peppercorns especially quickly, easily and efficiently, all the while producing the perfect level of grind, from extra-fine to extra-coarse. An X-PLOSION® always brings out the full, natural flavour of pepper and salt, from preparation to seasoning.

- high-quality CYCLONE® ceramic cone grinder for the utmost precision and efficiency
- easy-refill spice chamber
- airtight lid to optimally seal in aroma and protect against moisture
- high-grade stainless steel / ceramic / aluminium / plastic

34651 Spice Tower X-PLOSION®

Pure luxury for spice fans and ambitious spice baristas. The deep black Spice tower from the designer series X-PLOSION consists of a solid mortar made of heavy cast iron and a practical lid, which also serves as an additional mortar surface and collecting tray for the grater. Enthroned on top of it is an elegant conical tower with brilliantly sharp DIAMOND LASER CUT grating surfaces for coarse or fine results, crowned by a handle made of precious acacia wood. The design of the pestle, mortar and tower grater is perfectly coordinated and guarantees optimum grinding and grating results at all times. The innovative Spice Tower from GEFU: There is no better way to season.

- solid mortar with lid made of high-quality cast iron
- the upper side of the lid is a collection tray for gratings, while also being an additional mortar surface and base for the tower grater
- tower grater with acacia wood handle and anti-slip foot for stability
- cast iron pestle with grip made of acacia wood
- coordinated designs for perfect grinding and grating results
- brilliantly sharp thanks to DIAMOND LASER CUT
- two grating surfaces: for fine zesting, nutmeg, garlic, ginger and coarser flakes such as for Parmesan or chocolate
- Ø 11.5 cm, H 28 cm
- high-grade stainless steel / cast iron / acacia wood

34617 Salt or pepper mill VELO electric with tilt sensor USB

Seasoning in an instant? Not a problem, as this ingenious salt and pepper mill works using gravitational force. Simply tip VELO, and its high-quality, continuously adjustable ceramic grinder immediately creates perfect grinding results from extra-fine to coarse. With a high-performance, rechargeable battery and integrated LED lighting for optimal control of seasoning quantities.

- direct grinding using tilt function
- continuously adjustable ceramic grinder
- integrated LED lighting
- easy to charge via USB cable
- storage container for 80 g of peppercorns or 150 g salt
- Ø 6.4 cm, H 20.8 cm
- high-grade stainless steel / plastic / ceramic grinder / aluminium

34619 Salt or pepper mill GIVA electric with tilt sensor

The perfect trick for effortless seasoning: simply tip the electric gravity-controlled grinder GIVA, and the high-quality, continuously adjustable ceramic grinder immediately starts the grinding process. GIVA guarantees especially even grinding results from fine to coarse, and is equipped with integrated LED lighting to optimally control the quantity of seasoning.

- direct grinding using gravity-controlled tilt function
- high quality, continuously adjustable ceramic grinder
- integrated LED lighting
- incl. 6 AAA batteries
- storage container for 80 g of peppercorns or 150 g salt
- Ø 6.3 cm, H 20.2 cm

- Ø 5.2 cm, H 20.5 cm
- plastic / high-grade stainless steel / ceramic grinder

34637 Salt or pepper mill LAMOLA

With this mill, you have everything under control when seasoning, from the fill level to the fully adjustable flow setting. The clever part: you can easily and safely grind the spices into the removable aroma-seal cap instead of straight into the steamy pot, measuring out the perfect amount of salt or pepper and stopping it from sticking to the grinder.

- fully adjustable, high-quality ceramic grinder
- including S and P nut
- easy-refill spice chamber
- Ø 5.5 cm, H 16.6 cm
- high-grade stainless steel / ceramic / plastic / aluminium

34638 Twin mill LAMOLA

Whether you are grinding salt or pepper, you can spice up your meal in the twinkling of an eye with this elegant, space-saving twin mill. Both aroma-seal caps can be removed and used as little grinding pots to conveniently measure out the right amount. That way, there is no need to hold the mill above a steamy pot, and nothing sticks to the fully adjustable grinder.

- fully adjustable, high-quality ceramic grinder
- easy-refill spice chamber
- aroma-seal cap
- Ø 5.2 cm, H 18.8 cm
- high-grade stainless steel / ceramic / plastic / aluminium

34620 Salt and pepper mill set DUETO 2 pcs.

Filled with pepper or salt, the mills make sure your dishes are seasoned to perfection. The adjustable ceramic grinder is excellent at grinding every grain to the same size.

- two mills in a set
- ceramic grinder adjustable by turning knob at the top
- Ø 5 cm, H 18 cm
- high-grade stainless steel, acrylic

34621 Salt and pepper mill TUSOME 2 pcs.

Small, compact and ideal for adding seasoning! The two mini mills with aroma lids standing in the minimalist cruet present an elegant twosome for condiments and can be used in all settings- at the dining table or when camping or having a picnic. The fitted ceramic grinder allows seamless adjustment from coarse to fine.

- steplessly adjustable ceramic grinder
- aroma lid
- including cruet stand

Bobby from 030BBQ
Cult griller from Berlin

BORN to grill!

Do you love the great scent of freshly barbecued fish and the smoky flavour of grilled pepper kebabs? Does your mouth water when you think of tender fillet of beef or a juicy burger? That's no surprise, as when well prepared, roasted or grilled meat, fish and vegetables are a genuine culinary sensation. I can warmly recommend the GEFU professional tools for roasting and grilling to all barbecue fans. They make your preparation and cooking work easier, ensure that everything turns out perfectly, and are simply fun to use. Yours, Bobby

89526 Fish barbecue basket BBQ

Barbecue fish like a professional. The fish barbecue basket BBQ ensures that nothing stands in the way of the pure taste of a whole fish. The folding fish griddle basket is particularly easy to fill and effortless to turn. The result: the fish does not burn and it cooks evenly.

- for barbecuing whole fish with a maximum size of L 26.5 cm / 10 ½ in. x W 10.5 cm / 4 ¼ in.
- easy turning and no more burning
- secure closure for easy filling and removal
- even cooking results
- ergonomic grip made of plastic for perfect handling
- suitable for any open barbecue
- do not expose the grip to direct heat
- L 49.5 cm, W 12 cm, H 1.5 cm
- high-grade stainless steel and plastic

89331 Fish rack BBQ

Grilling or baking a whole fish to perfection: that is what the fish rack is made for! Its slideable supports ensure that the fish can be perfectly positioned and reaches the table with its skin intact.

- individually adjustable 3-point support for fish up to 35 cm in length
- for sea bream, trout, char, mackerel etc.
- for the barbecue and oven
- L 36 cm, W 7.6 cm, H 7.3 cm
- high-grade stainless steel

89482 Barbecue pan BBQ

The practical barbecue pan for creating the perfect tasty morsels such as delicate shrimp, crunchy barbecued vegetables or heartily baked with cheese in a closed barbecue. The grip is very easily removed and hooked back in for serving. The barbecued food can be easily slipped out of the pan with the help of the accompanying plastic spatula. When folded, it fits in any drawer.

- perfect for shrimps, vegetables or other small barbecue food items
- with pouring spout
- ergonomic grip made of plastic for perfect handling
- grip is easily removed and hooked back in for serving
- folds for space-saving storage
- including surface coating-safe scraper made of heat-resistant plastic
- suitable for any barbecue (use without grip in a closed barbecue)
- do not expose the grip to direct heat
- L 16 cm, W 12.5 cm, H 20 cm
- high-grade stainless steel and plastic

89525 Barbecue basket BBQ

The ingenious solution for more variety on the barbecue; perfect for kebabs or vegetables. The folding barbecue basket is particularly easy to fill and effortless to turn. The result: no more burning, everything cooks evenly and tastes professionally barbecued.

- easy turning and no more burning
- secure closure for easy filling and removal
- even cooking results
- ergonomic grip made of plastic for perfect handling
- suitable for any barbecue
- do not expose the grip to direct heat
- L 49 cm, W 4 cm, H 3.8 cm
- high-grade stainless steel / plastic

VEGETABLES

in the pan

89250 Vegetable wok BBQ with detachable handle

The vegetable wok brings culinary pleasures and environmental awareness together on the grill – a more durable partner than aluminium trays for grilled vegetables!

- handle detachable with one hand
- for crispy vegetables from the grill or from the oven
- Ø 28 cm, L 48.5 cm, H 17 cm
- high-grade stainless steel / plastic

89156 Chicken roaster and vegetable wok BBQ

Season the chicken and place it on the holder – and into the kettle barbecue (or oven) it goes. As the chicken browns evenly on the outside it is gently steamed and flavoured inside by the evaporating liquid.

- roast a whole chicken evenly
- 300-ml aroma top to be filled with marinade or beer
- doubles as vegetable wok when the marinade container is removed
- L 34.9 cm, W 30.5 cm, H 9.2 cm
- high-grade stainless steel

Grill tray BBQ

Vegetables, fish, rosemary potatoes ... they all turn out perfectly in the grill tray. The square holes in the base and side walls allow optimum heat circulation.

- side grips
- high-grade stainless steel

89415

Grill tray BBQ small

- L 25 cm, W 21.5 cm, H 5.5 cm

89416

Grill tray BBQ large

Grill pan BBQ

Tasty treats, such as barbecued vegetables, fine escallops or a delicious gilthead bream are cooked gently and healthily in the high-grade stainless steel grill pan.

- for pan dishes from the barbecue
- gentle and healthy cooking
- heat circulation through ventilation slots
- high-grade stainless steel

89257

Grill pan BBQ small

- L 33 cm, W 19 cm, H 2.5 cm

89258

Grill pan BBQ large

- L 43 cm, W 25 cm, H 3 cm

eco-friendly

BBQ

in all forms

89259 Chicken leg holder BBQ

The practical chicken-leg holder made of high-quality stainless steel allows even and crispy barbecuing without turning of up to 12 scrumptious chicken legs or spicy chicken wings.

- for barbecuing chicken drumsticks and chicken wings
- for up to 12 pieces of chicken
- folding rack for space-saving storage
- L 43.5 cm, W 15.8 cm, H 15.5 cm
- high-grade stainless steel

89248 Spare rib rack BBQ

Spare ribs come out perfect, equally crisp and spicy all around, thanks to this spare rib rack.

- for 6 spare rib portions
- also ideal as roast holder
- for use in the kettle grill and in the oven
- L 40 cm, W 18 cm, H 11 cm
- high-grade stainless steel

89260 Barbecue skewers BBQ **5 pcs.**

Marinated strips of streaky bacon, pieces of sirloin or slices of vegetables can be comfortably turned on the barbecue with the 17 3/8-inch-long barbecue skewers made of high-quality stainless steel and the integrated serving slider drops the barbecue food on your plate in a jiffy.

- for vegetables, prawns and more
- integrated serving slider
- L 45 cm
- high-grade stainless steel

15420 Barbecue skewers TWINCO **2 pcs.**

These barbecue skewers are perfectly suited for meat, fish, vegetables and seafood. Just fill the double skewers just as you like and place them on the barbecue or in the pan. Thanks to the angular form the pieces remain in place without slipping. The integrated slider makes the food easy to remove, guaranteeing a full plate and a clean table.

- for delicious meat, fish, vegetable or seafood kebabs
- integrated slider for easy removal of the grilled food
- angular double-prong skewer prevents food from slipping off
- L 32 cm
- high-grade stainless steel

FRIES

every time

Mini serving basket BBQ

The sophisticated mini serving basket allows freshly deep-fried foods to be served just like in a restaurant. Chips, potato wedges, onions rings, prawns or grilled vegetables all look twice as tasty and particularly appetising. Your family will be delighted and your guests will be impressed.

- perfect for serving chips, potato wedges, chicken nuggets or onion rings
- high-grade stainless steel

15415 Professional hamburger press PÄTTI

This professional tool for genuine burger fans creates perfect burgers for every barbecue, from S to XL. Depending on the desired thickness of the burgers, read out the quantity of mince using the scale and use the sturdy plunger to effortlessly mould even burgers, release them and place them straight onto the barbecue or into the pan.

- interior scale for burgers from 100 g – 400 g
- ergonomically formed plunger for maximum compressing power
- sturdy thanks to the high-grade stainless steel
- Ø 11.5 cm, H 14 cm
- high-grade stainless steel

89419 Hamburger press BBQ

This aluminium hamburger press with a non-stick coating and a practical plastic handle turns well-seasoned mince into perfectly shaped CLASSIC and KING-SIZE burgers. The ridged pattern not only gives the burger the typical barbecue look, it also shortens the frying time!

- ridges in the burger shorten the frying time
- meat quantity CLASSIC: 120 g (4.23 oz); KING-SIZE: 180 g (6.35 oz)
- Ø 11.8 cm, H 9.3 cm
- aluminium with non-stick coating / plastic

89494 Burger set BBQ, 3-part

Set consists of burger press, burger ring mould and burger cocktail stick. For your perfect burger, 100% home made! Recipe booklet included.

Burger press:

- grooves in the burger ensure faster cooking time
- meat quantity for CLASSIC: 120 g; KING-SIZE: 180 g
- Ø 11.8 cm, H 9.3 cm
- aluminium with non-stick coating / plastic

Burger ring mould:

- Ø 10.8 cm, H 4.0 cm
- high-grade stainless steel
- dishwasher-safe

Hamburger skewers:

- for fixing burgers
- L 19 cm, W 3.3 cm, H 0.2 cm
- high-grade stainless steel

Hamburger skewers TORRO, 2 pcs.

To keep all parts of your home-made burger well in place, just fix the bun, the patty and the delicious garnish with the hamburger skewers. They are also perfect for attractively serving barbecue kebabs.

15400 Party burger press SPARK

The party burger maker gives an ideal shape to finger-food burger patties – whether vegetarian or with meat.

- perfectly shaped 60g party burgers
- 2-piece set: mould and press
- ridged pattern thanks to the furrows in the press
- base with central elevation to dimple patties for shape retention during frying
- Ø 8 cm, H 8 cm
- high-grade stainless steel / porcelain

15410 Hamburger press SPARK

Making hamburgers the easy way. Just press the desired quantity of minced meat or another mixture into the stainless steel dish and get it into shape with the porcelain plunger. Take the burger out and fry it in the pan or on the barbecue. Thanks to the dimple in the stainless steel dish the burger keeps its shape, and the ridges in the plunger make sure it is done in no time at all. Simple, quick, delicious!

- base with central elevation to dimple patties for shape retention during frying
- ridges in stainless steel container and plunger shorten frying time
- meat quantity CLASSIC: 120g; KING-SIZE: 180g
- diameter: 12 cm
- Ø 13.5 cm, H 8 cm
- high-grade stainless steel / porcelain

89361 Burger ring mould BBQ

The burger ring mould is used to shape burger buns perfectly and can also be used for decoratively arranging other food.

- accessory for the SPARK hamburger press (article no.: 15410)
- Ø 10.8, H 4 cm
- high-grade stainless steel

89549 Barbecue tongs BBQ

Ready, steady, barbecue! The anti-slip grip ensures that the barbecue tongs are always held firmly in the hand, making the placement, turning and serving of barbecued meat, fish and vegetables a joy.

- flat front edge for easy picking up of the barbecue food
- wavy upper tong tip for a secure grip
- fat draining slit – to prevent excess liquid ending up on the plate
- locking mechanism with integrated hanging loop
- L 42.5 cm, W 4 cm, H 3.5 cm
- high-grade stainless steel / plastic

11800 Barbecue tongs TENG

- L 36 cm, W 8.6 cm, H 4 cm
- high-grade stainless steel

21540 Barbecue tongs ONDA

With their well-balanced spring force and exact force transmission to their ends, the tongs guarantee convenient handling at the barbecue and at the table. The wavy ends of the tongs hold the foodstuff safely.

- L 35.3 cm, W 8.2 cm, H 4.8 cm
- high-grade stainless steel

11810 Barbecue tongs NATURA

Especially long barbecue tongs for safety turn of the grillables.

- practical hanging loop
- grillables are held safely thanks to wavy ends
- L 48 cm, W 6.4 cm, H 2.2 cm
- beech wood

89542 Meat claws BBQ 2 pieces

Hungry as a bear for pulled pork? These sturdy meat claws are perfect for gripping, shredding and tearing juicy grilled meats, such as pork, beef or poultry and are also a ton of fun. The perfect gift for anyone who loves to grill.

- 6 pointed claws each for gripping, shredding and professionally tearing pulled pork, pulled beef, roasts and much more
- a secure grip for effortlessly transporting or carving delicious roasts
- also suitable for mixing fresh salad, for example
- ergonomically shaped grips for the perfect hold
- L 12 cm, W 10.5 cm, H 2 cm
- high-grade stainless steel / plastic

89563 Spatula BBQ XL

The extra-wide professional spatula for all BBQ fans. Slides effortlessly under the barbecuing food, releases it from the barbecue or hotplate and makes the skilful turning of juicy burgers into pure barbecue enjoyment.

- ideal for turning burgers, steaks and vegetables on the barbecue
- extra-wide shape
- slanted edges: glides effortlessly under the food and makes it easier to divide
- simple handling with its swan-necked shape and ergonomic grip
- L 31.5 cm, W 14 cm, H 9 cm
- high-grade stainless steel / plastic

89289 Cedar grilling planks BBQ 2 pcs.

Barbecuing fish or meat on cedar grilling planks gives the food a very special flavour and keeps the food wonderfully tender.

- before each use: leave to soak, completely submerged in water, for at least 2 to 3 hours (ideally overnight)
- ideal for fish, meat and vegetables
- for a distinctive smoky flavour
- reusable several times
- L 30 cm, W 15 cm, H 1 cm
- cedar wood

89162 Marinade baster BBQ

Ideal to refine your meat by injecting gravy, marinades and dissolved seasoning

- two needles for injecting and basting
- capacity 40 ml / 1.5 oz
- L 27 cm, W 8.1 cm, H 4.1 cm
- high-grade stainless steel / plastic

89247 Digital thermometer BBQ

This digital thermometer is handy and precise. On the display, the temperature is optionally indicated in Celsius or Fahrenheit.

- temperature optionally indicated in °C or °F
- -40 °C bis 200 °C / -40 °F bis 392 °F
- practical hanging loop
- includes three LR44 button cell batteries
- L 23 cm
- high-grade stainless steel

89155 Steak knives BBQ

4 pcs.

Extremely sharp knives for cutting tasty meat dishes.

- also suited for cutting pizza and vegetables
- blade lenght: 12,5 cm
- blade made of 420J2 stainless steel, serrated

without accessoires

89421 Barbecue apron BBQ

Not only does this barbecue apron with its high-grade leather appliqués look good, its well conceived details such as the tea towel loop and various pocket sizes are highly practical. The adjustable neck and waist ties and the sturdy, resistant material made of waxed cotton ensure that it fits ideally and is comfortable to wear.

- size-adjusting ties at the neck and waist
- high-grade genuine leather appliqués
- tea towel loop
- packet for phone and rod thermometer
- comfortable to wear
- L 90 cm, W 65 cm
- 100% waxed cotton / cowhide / high-grade stainless steel / aluminium
- easy cleaning by damp wiping

89374 Barbecue glove BBQ

This barbecue glove offers reliable protection against burning and its heat-resistant silicone texture provides a perfect grip.

- sturdy barbecue glove in unisex sizing
- heat-resistant up to 250°C (482°F)
- anti-slip effect thanks to the silicone texture on both sides
- for both right-handed and left-handed people
- hanging loop inside
- L 30.8 cm, W 16.7 cm, H 1.2 cm
- 100% heat-resistant aramid material on the outside
- soft, skin-friendly cotton inside

89529 Barbecue gloves BBQ, suede leather

When the barbecue gets hot, it's time for the grey-black barbecue gloves made of high-quality suede leather!

- high-quality barbecue gloves made of suede leather in unisex size
- cotton lining
- hanging loop
- heat resistant up to 350 °C
- elaborate craftsmanship
- universal size with extra-long shaft
- L 41 cm, W 16.5 cm, H 2.5 cm
- outer material: 100 % leather
- lining: 60 % cotton, 40 % polyester

89334 Meat weight BBQ

No more curled steaks cooked on the outside but raw on the inside. The meat weight ensures that the steaks and burgers are cooked evenly and rapidly.

- sturdy wooden handle with incorporated finger recess
- typically shaped grooves for faster cooking
- suitable for both grill and pan
- weight: 1 kg
- L 20 cm, W 10 cm, H 6.2 cm
- cast iron / pakka wood

CLEAN

89558 Barbecue brush BBQ bristle-free

This high-performance brush brings renewed sparkle to even the most grimy barbecue grates. The densely packed wire-woven steel spirals remove baked-on residues from the grate noticeably better than the bristles of conventional barbecue brushes. The special angle between grip and brush head ensures that the force is optimally transferred, making it effortless work. Particularly stubborn residues can be removed using the integrated, sturdy steel scraper. The extra-long grip also allows the barbecue to be cleaned while it's cooling down.

- triple wire brush head
- innovative power spirals
- optimal cleaning angle for powerful operation
- integrated scraper
- extra-long grip
- hanging loop
- L 44 cm, W 7 cm, H 20 cm
- high-grade stainless steel / plastic / metal

89276 Triangular brush BBQ

Brass bristles inserted in triangular form assure a gentle and effective cleaning of barbecue grates. Thanks to its ergonomic handle, the brush cleans any barbecue grate quickly and it is also ideal for oven racks!

- brass bristles
- ergonomic handle
- triangular form for perfect cleaning in every little corner of the barbecue grate
- gentle cleaning
- L 37 cm, W 16 cm, H 3 cm
- brass / high-grade stainless steel / plastic

89160 Barbecue brush 3 in 1 BBQ

- barbecue brush 3 in 1: scratching, scrubbing, scraping
- bristles and scraper made of stainless steel
- handle made of plastic
- hanging loop
- L 38.5 cm, W 8.5 cm, H 8.5 cm
- high-grade stainless steel / plastic

GEFU – Discover
Culinary Artistry.

PERFECTLY *organised*

The joy of cooking and baking begins with a well-organised kitchen and the GEFU Storeganizers, the innovative complete system of high-quality reusable boxes. The versatile design boxes ensure safe and space-saving storage of food in kitchen drawers, larders, freezers and fridges.

Not only are they characterised by their timeless design and high functionality, they are also particularly sturdy and durable. In this way, they help to avoid plastic waste and conserve valuable raw materials and energy resources. Foods also stay fresh for considerably longer periods, meaning that less food is thrown away.

BAKED WITH *love*

Fragrant cakes, crispy biscuits and creamy tarts taste delicious and are fun to prepare and bake. Especially when even the youngest members of the family are eager to help with the stirring and kneading. But without the right tools, even the best baker can't conjure up sweet works of art. GEFU therefore offers a wide range of practical baking utensils that belong in every modern kitchen and at the same time offer excellent value for money. So, let's get baking!

Cake ring TONDO CLIP

The clever professional ring with the practical clip fits any cake size and guarantees wonderfully evenly baked cakes and perfectly turned out gateaus thanks to its fixing option.

- infinitely adjustable for cakes and cupcakes from 16 cm to 30 cm in diameter
- practical safety clip fixes the ring at the desired size
- easy to read scale
- lower energy consumption due to shorter baking time
- can be opened completely for cleaning
- high-grade stainless steel

Cake ring TONDO CLIP

14301

• Ø 16-30 cm, H 15 cm

14300

• Ø 16-30 cm, H 10 cm

Patented safety clip

Cake ring TONDO XXL

14304

• Ø 16-32 cm, H 10 cm

14308

• Ø 16-32 cm, H 8.5 cm

Cake ring TONDO XXL

Professional quality - All baking frames and cake rings are made of rounded stainless steel and are therefore burr-free. They are flexible but still always return to their original shape. Functional: with handles for precise and infinitely variable adjustability for cake diameters between 16 cm and 32 cm, for cakes and salads.

- high-grade stainless steel

WITH
scaling

14315 Baking frame UNO

Extra-high baking-frame (8,5 cm) for cakes and pizzas, also with a generous topping. Adjustable from 20 x 24 cm to 38 x 46 cm

- suitable for all commercially available baking-sheets
- effective and time-saving
- L 24 cm, W 19.5 cm, H 8.5 cm
- high-grade stainless steel

14316 Cake ring blade TONDO

TONDO removes tasty cakes and creamy gateaus from any cake ring, cleanly and effortlessly. The flexible double-blade precisely separates cakes and gateaus from their tin, guaranteeing evenly smooth edges to pastry chef standards.

- releases cakes and gateaus from the cake ring, cleanly and effortlessly
- anti-slip thanks to elastic blade incl. frame clip
- double-sided sharpened blades for even work in both directions
- perfect for cake rings up to 12 cm in height
- L 22.3 cm, W 2.5 cm, H 1.5 cm
- high-grade blade steel / plastic

28140 Mixing bowl with base ring MESCO

Thanks to its large capacity of 4 litres the MESCO mixing bowl is ideal for mixing dough, preparing salads or whipping creamy desserts.

- capacity: 4 litres
- handy non-slip silicone handles
- practical graduation on the inside
- bowl: Ø 24 cm, H 14 cm
- base ring: Ø 16 cm, H 3 cm
- high-grade stainless steel / plastic

KNEADING *with joy*

14592 Dough mixer BATEDO

BATEDO creates perfect crumble, crisp cake bases and short-bread with ease, and cleaner than ever before. Developed by experienced baking professional for even mixing of butter or eggs with all the dry ingredients like flour, sugar and baking powder.

- includes 5 curved stainless steel blades for efficient mixing and kneading
- suitable for bowl and work surface thanks to the specially curved blade
- ergonomic grip for optimal transfer of weight
- clean handling instead of sticky fingers and melting butter
- L 5.1 cm, W 12 cm, H 12.5 cm
- plastic / high-grade stainless steel

14630 Dough roller REGO

The innovative Dough Roller REGO achieves perfectly smooth, even dough better than with any rolling pin. Simple place the appropriate pair of silicone rings for the desired dough thickness onto the sturdy stainless steel stick and off you go! Perfect for cakes, biscuits, pizza, pasta dough etc.

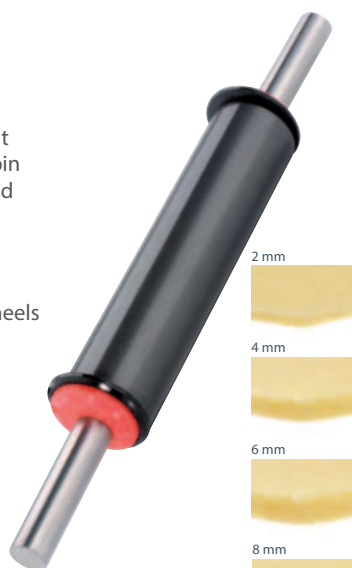

- stainless steel dough roller for rolling out perfect, even dough
- adjustable: 0 mm, 2.5 mm, 5 mm, 7 mm, 10 mm dough thickness by attachable silicone rings
- exactly the same dough thickness ensures uniform baking results
- integrated measurement scale for reading off and setting dough widths up to 38 cm.
- high-grade stainless steel stick: hygienic, taste- and odour-free
- easy to clean
- Ø 5.5 cm, L 39.7 cm
- high-grade stainless steel / silicone

14620 Pastry roller EXACT

The rolling pin rolls the dough precisely to any desired thickness between 0 and 8 mm, quickly and cleanly, without sticking. Indispensable for dough making. Turn the rolling pin until the desired number of millimeters shows at the top and then roll the dough out. In this way you will automatically arrive at the desired dough thickness.

- aluminium tube with grey ILAG®-non-stick coating
- precise dough thickness thanks to height marks on the wheels
- adjustable from 0 to 8 mm

14380 Baking and working mat PAD

Clean and easy preparation of cakes, pastries, pies, pasta, pizza etc. with the practical PAD baking and working mat. Not only does it protect the work surface when kneading and rolling, it also ensures particularly even and precise results with its non-stick action and practical scale.

- special silicone coating: Non-stick action for effortless rolling, kneading, baking and freezing
- anti-slip action for a secure grip on all work surfaces
- practical measuring scale for round and square shapes
- conversion tables for quantities and measurements
- tasteless and odourless
- heat-resistant up to 230 °C
- cold-resistant down to -40°C
- can be rolled up and stored in a space-saving way
- wipe with a damp cloth for easy cleaning
- not suitable as cutting surface
- L 70 cm, W 50 cm, H 0.04 cm
- silicone / glass fibre mesh

14381 Long-life baking foil AGEN 2 pieces

The AGEN long-life baking foil keeps on baking. It is non-stick, tear-resistant and can be used up to 1000 times. It saves the constant repurchasing of conventional disposable sheets and thus not only protects the environment, but also the wallet.

- teflon coating provides non-stick effect and heat-resistance
- durable and sustainable: up to 1000 times reusable
- with non-stick effect
- can be cut to size for any size of baking tray
- can be used on both sides
- taste- and odour-free
- heat resistant up to 260 °C
- cold-resistant down to -70 °C
- wipe with a damp cloth for easy cleaning
- not suitable as cutting surface
- L 44 cm, W 39 cm, H 0.02 cm
- teflon / glass fibre mesh

eco-friendly

14330 Piping bag set DECORE 5-part

Filling muffin moulds, decorating a cake or filling doughnuts: this piping bag with three stainless steel tips is useful for anything from delicate decorating to quick filling.

- for decorating cakes, cookies and other desserts
- for filling doughnuts and putting dough into muffin or doughnut moulds
- piping bag made of coated, boilable cotton
- plastic adapter for large and small tips
- 3 tips made of high-grade stainless steel
- L 39 cm, W 20.3 cm, H 5.1 cm
- cotton / plastic / high-grade stainless steel

14320 Pastry press COOKIE

For perfect baking fun, directly onto the baking tray: exact pastry portions thanks to quantity adjusting facility. 20 perforated motif discs, aluminium, 4 different nozzles made of ABS plastic offer unlimited possibilities for cookies and decoration.

- Ø 5 cm, L 22 cm

Suitable for KitchenAid

14220 Cookie nozzle TRICA size 5

For making delicious cookies using a meat mincer TRICA or the KitchenAid machine. Just push the desired shape into the attachment and begin.

14580 Kitchen brush BECKY

One brush for all purposes: the kitchen brush is perfectly suited for glazing cakes and cookies, but also for marinating meat. The nylon bristles are hygienic and do not influence taste.

- nylon bristles - heat-resistant up to 120°C
- hygienic and without influence on taste
- non-slip catch
- L 20.2 cm, W 2.4 cm, H 0.5 cm
- nylon / plastic

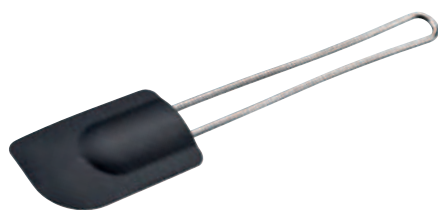

14585 Display kitchen brush BECKY

14360 Pastry brush CREMOSO

With the pastry brush, chocolate can be spread easily on cakes or biscuits. But, also the brushing of butter or egg yolk on strudel pastry or pasties are no problem for it.

- for spreading of butter, margarine, egg yolk, chocolate
- L 21.7 cm, W 2.8 cm
- high-grade stainless steel / plastic / natural hair bristles

14350 Dough scraper CREMOSO

Whether buttercream is spread on the cake or the delicious sauce is to be completely taken out of the pot: with the flexible dough scraper, these projects are successful in no time!

- flexible
- for spreading of butter cream & others
- for the gentle and complete emptying of pots and pans
- L 25.3 cm, W 5.1 cm, H 1.2 cm
- high-grade stainless steel / silicone

14591 Dough scraper DUTTO 2-part

Two in one: dough scraper for getting the best pleasure out of cooking and baking. The sturdy, square dough cutter precisely portions any dough quickly and uniformly. The practical rounded plastic scraper makes mixing and transferring dough easier, cleanly scraping out the last remaining bits of dough from the bowl.

- dough scraper set, sticks together to save space
- high-grade stainless steel dough cutter with measurement scale (cm/inch) and conversion table (cup, TBSP, TSP, FL.OZ, ML)
- ergonomically formed plastic dough scraper
- L 15.2 cm, W 11.3 cm, H 2.8 cm
- high-grade stainless steel / plastic

14351 Dough scraper CREMOSO slim

Ideal for emptying mixing bowls, pots and also jam jars completely. In addition, the heat-resistant dough scraper makes child's play out of spreading sweet or savoury cream on tartlets or canapés.

- shape-retaining and flexible
- heat-resistant up to 250 °C (482 °F)
- also suitable for emptying jars completely
- L 25.3 cm, W 2.7 cm, H 0.7 cm
- high-grade stainless steel / silicone

SUPER *simple*

The perfect homemade fruit spread and pickled vegetables should taste just like grandma used to make them. However, preserving fresh fruit or fermenting healthy garden produce often seems almost impossible in today's hectic everyday life. Instead, many turn to ready-made supermarket jams, which unfortunately lack the wonderful homely feeling and secret family recipes. But that doesn't have to be the case, because with the practical special tools from GEFU, straining, preserving and fermenting of fruit and vegetables is particularly quick and easy. So that your sweet fruit and hearty accompaniments taste at least as good as grandma's.

- washable up to 95° C

19121 Plum stoner CORER

CORER allows plums, apricots and mirabelles to be pitted with particular speed and ease. Pressing down on the powerful sprung plunger releases the stone and drops it into the extra-large collecting container. At the same time, the fruit is fed directly into the bowl by the practical ejector – thanks to the special steel blade, the fruits are already pre-cut for laying directly onto juicy cakes or for preserving.

- suitable for plums, mirabelles, apricots and greengages
- 2 different inserts for small and large fruits up to a maximum of 5 cm diameter and 5.5 cm in height
- practical ejector: cut fruits are fed directly into the bowl
- for straightforward de-stoning, simply tilt the ejector upwards
- anti-slip feet
- large transparent collecting container
- space-saving storage possible: Simply remove the spring and push down the plunger
- L 16 cm, W 10 cm, H 33 cm
- plastic / high-grade stainless steel / high-grade blade steel
- dishwasher-safe except for the plunger, blade and spring

Product film

89428 Display Plum pitter DROPIO

19160 Plum pitter DROPIO

Makes pitting plums an easy job: using DROPIO you can stone small quantities of plums for delicious tarts, compote or other sweet treats in no time at all. Just put the plum in the holder upright, press, and done!

- handy tool for pitting plums
- lockable for safe storage
- cross blade
- L 18.5 cm, W 2.5 cm, H 5.5 cm
- high-grade stainless steel / plastic

19141 Cherry pitter CORER

This pitter can be used for both freshly harvested and preserved cherries and in a jiffy it will turn even large quantities of cherries into stoneless fruit.

- for both fresh and preserved cherries
- side ejection, taller bowls too fit easily under it
- non-slip stand
- transparent collecting container
- L 17 cm, W 10.5 cm, H 31.5 cm
- high-grade plastic
- dishwasher-safe

Easy to use: fill the upper hopper with cherries and press the plunger piston. The pits fall into the large collecting container and the pitted fruit slides down the side into a separate bowl.

19140 Cherry pitter DROPIO

Makes cherry pitting an easy job: using the DROPIO cherry stoner you can pit small quantities of cherries for delicious tarts or sweet treats in no time at all. Just put the cherry into the holder, press, and done! For decoration cherries with stalks, place the stalk into the lateral slit.

- handy tool for pitting cherries and marinated olives
- lockable for safe storage
- serrated shaft
- L 15 cm, W 2.5 cm, H 6.5 cm
- high-grade stainless steel / plastic

SUSTAINABLY

 on the go

GEFU would like to make a small contribution to reducing unnecessary plastic waste and conserving valuable resources with smart and sustainable kitchen products. Just like with our smart outdoor range and its robust, particularly durable items to take with you and enjoy on the go. These include elegant drinking bottles, timelessly beautiful lunch boxes and a super-practical, foldable all-purpose knife.

We believe that our commitment to greater sustainability is not only good for nature, but also has a positive impact on everyone's well-being. GEFU – good for the environment, good for us all.

12796 Glass drinks bottle COMPANION

Whether it's for fitness, travel, at work or a cup of tea on the go, the elegant glass drinks bottle COMPANION made of double-walled borosilicate glass looks amazing, keeps teas warm for longer and refreshing drinks colder for longer. Tasteful and practical with microfine sieve insert and protective felt sleeve for safe carrying.

- insulating effect thanks to double-walled borosilicate glass and protective sleeve made of felt: keeps fluids warm or cold for significantly longer
- microfine 2-part sieve insert for all kinds of tea, herbs and fruit
- 100 % leak-proof
- chic leather strap for easy carrying
- not suitable for carbonated drinks
- filling volume: 450 ml
- Ø 8.5 cm, H 28 cm
- borosilicate glass / high-grade stainless steel / plastic / leather / felt

Simple and precise preparation: Place your favourite tea into the sieve, pour hot water into the bottle, screw shut, tip the bottle upside down, leave the tea to brew until it achieves the desired strength, turn the bottle the right way around again and enjoy. Ingenious, isn't it?

12788 Insulated drinks bottle COMPANION

It leaves no room for thirst on journeys, at work or school. This top-quality thermally insulated flask keeps drinks comfortably warm and refreshingly cold for longer. Thanks to the practical safety closure, it is easy to use one-handed while also being completely leak-proof. Unlock, press, and enjoy.

- double-walled, vacuum insulated: keeps drinks warm for 6 hours and cold for 10
- safety closure for 100% protection against leaks, and one-handed use
- with practical sieve in the lid for tea, herbs and fruit
- chic leather loop for easy carrying
- filling volume: 500 ml
- non-slip silicone base
- not suitable for carbonated drinks
- Ø 8,5 cm , H 25 cm
- high-grade stainless steel / plastic / leather / silicone

Perfect drinking enjoyment:
Thanks to the practical safety
closure

12786 Thermal lunch pot COMPANION

This ingenious lunch pot has all you need for lunch breaks, an attack of the munchies or a ravenous appetite. It keeps comforting casseroles and tasty soups warm for longer, and creative bowls and vitamin-rich salads of all kinds appetizingly fresh. It also has an extra container in the lid for tasty toppings and dressings. The perfect companion for school, work, short trips and long journeys.

- double-walled vacuum insulated: keeps foods warm for 9 hours or cold for 12
- with integrated storage container (filling volume: 160 ml) in the lid for toppings, sauces and dressings
- practical lid valve in the main container for reliable ventilation and easy opening
- 100 % leak-proof
- chic leather loop for easy carrying
- filling volume: 500 ml incl. maximum scaling
- non-slip silicone base
- Ø 11 cm, H 18 cm
- high-grade stainless steel / plastic / leather / silicone

PRACTICA

helpers

The practical kitchen utensils from GEFU are indispensable for cooking and baking. They relieve you of many work steps and help you save valuable time. Time that you can spend with your family, enjoying dinner with friends or simply with a nice glass of wine. Because cooking should be fun, but there should always be time for the important things in life.

16430 Precision and kitchen scales PREZISO

The multifunctional all-round talent PREZISO lives up to its name with its high load-bearing capacity of up to 3 kilograms and its measuring accuracy. The fine graduation in 0.1 gram steps from a minimum weight of 1 gram up to 1 kilogram ensures the highest precision. Create finely balanced spice blends, harmonious tea blends or brew your perfect coffee using the barista function. PREZISO also looks outrageously good, is suitable for all ingredients, offers a large enough surface and its display is easy to read.

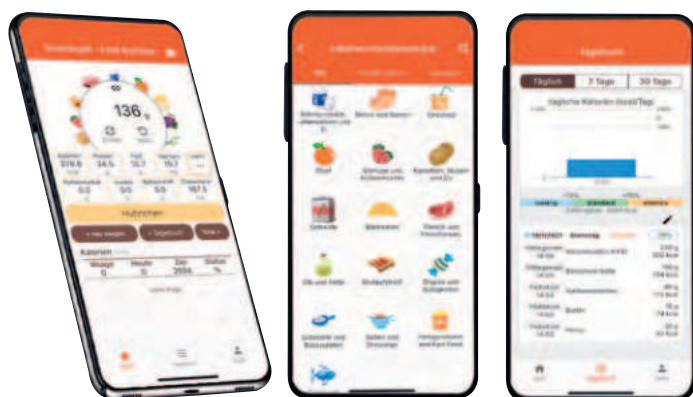

- large measuring range from 1g - 3 kg
- minimum weight 1 g
- fine graduation with 0.1 g
- from 1000 grams: graduation by the gram
- high sensitivity for perfect results thanks to high-precision sensor system
- when it has to be precise: whether for coffee, tea, spices or yeast, the scales can cope with anything
- manual weighing mode
- tare weight function
- barista function: manual and automatic timing and weighing mode
- timing function up to 19:59 minutes
- easy to read LED display
- units of measurement in g and oz
- non-slip feet
- incl. 2 x 1.5 V AAA batteries

15460 Steam insert VITALA

For food preparation that is healthy and full of flavour! With the practical, collapsible steam insert you can cook vegetables, potatoes and tender fish in a way that is particularly efficient and tasty.

- collapsible steam insert for pots from a Ø 18 - 27 cm
- collapsible feet coated with silicone, keep it separated from the bottom of the pan and prevent the surface from getting scratched
- telescopic handle to keep a safe distance from the hot bowl and space-saving storage
- Ø 26.6 cm, H 7.6 cm
- high-grade stainless steel / plastic

14763 Boil-over protection BOLLA

BOLLA, the ultimate solution against boiling over. Boiling liquids and rising foam are immediately caught by the boil-over protection and run directly back into the pot before they can boil over - so the cooker always stays nice and clean. Also perfect for steaming vegetables or as a practical splash guard lid for frying pan and microwave.

- ingenious principle: liquid or foam that boils over is collected and fed back into the pot
- saves energy, as the heat always remains in the pot
- also perfect as a splash guard and for gentle steaming over hot water
- microwaveable
- heat resistant up to 230 °C
- suitable for pots and pans from 19 to 28 cm diameter
- L 33 cm, W 30 cm, H 3 cm
- silicone
